

Since Nyle's founding in 1977 we have been the dehumidification drying expert with over 6000 heat pump drying systems installed. Our FD-HP series food dehydrators are capable of dehydrating products in the 80°F to 160°F temperature range. Gentle, low temperature, and controlled dehydrating yields consistent, high quality output. FD-HP series dehydrators utilize heat pump technology, resulting in low operating costs due to high energy efficiency (up to 60% reduction in energy costs versus conventional drying).

Higher Quality Product

Our systems are capable of drying at lower temperatures, resulting in higher quality finished product.

Reliable Performance

Our systems precise controls and innovative design gives consistent results with every drying cycle.

User Friendly

All of our units use intuitive touch screen controls with remote access capability.

Energy Efficient

Our systems utilize heat pumps, requiring up to 60% less energy than conventional dryers.

Easy Installation

Self contained units - no field piping required. Installation services are offered if preferred.

Tech Support

You get the straight answers you need from the professionals that design and build your systems.

* Additional 42" service space required beyond equipment length measurement.

Which model is right for you? Our professional sales representatives will recommend a model based on your needs. We will then help you select the drying chamber, fans, and vents that suit your drying requirements.

FD-HP Series dehydrators are all about high performance. We want to make sure that you have the system that works best for you, now and for years to come. Check out Nyle's FD-HP systems today!

Model	Nominal Water Removal (lb/hr)	Temperature (°F)	Size* (LxWxH)
FD-HP 145	145	80 - 160	9'6" X 6'4" X 6'6"
FD-HP 175	175	80 - 160	9'6" X 6'4" X 6'6"
FD-HP 225	225	80 - 160	10'10" X 6'4" X 6'6"
FD-HP 290	290	80 - 160	16' X 6'4" X 6'6"
FD-HP 350	350	80 - 160	18' X 6'4" X 6'6"
FD-HP 450	450	80 - 160	21' X 6'4" X 6'6"
FD-HP 525	525	80 - 160	27' X 6'4" X 6'6"
FD-HP 675	675	80 - 160	31' X 6'4" X 6'6"
